| Reporting To    | Varun Shrima - Founder, Kiruvar Technology |
| Website         | kiruvartechology.in                        |

### Roles & Responsibilities:

- Assist in the development of web applications using MongoDB, Express.js, React.js, and Node.js.
- Collaborate with senior developers on frontend and backend feature development.
- Write clean, maintainable code and participate in code review sessions.
- Debug and resolve technical issues across the full stack.
- Contribute to project documentation and internal knowledge sharing.

### Terms & Conditions:

- This internship is offered for academic/learning purposes and carries no obligation of employment.
- The intern is expected to maintain professional conduct and confidentiality at all times.
- The company reserves the right to terminate the internship in case of misconduct.
- A completion certificate will be issued upon successful completion of the internship.

We look forward to your contribution and wish you a productive and enriching experience at **Kiruvar Technology**. Please sign and return a copy of this letter as your acceptance.

For Kiruvar Technology,

**Varun Shrima**
